Who are we?

- EPHEC stands for “Ecole Pratique des Hautes Etudes Commerciales” (EPHEC University College)
- EPHEC’s main campus is based in Brussels, a cosmopolitan city in the heart of Europe
- EPHEC is renowned for its Bachelor degrees in Business : Accounting, Law, E-Business, Marketing, International Trade & IT (± 4000 full-time students)
- EPHEC offers BA degrees in Automation and Electromechanics
- EPHEC was granted the new Erasmus+ University Charter and uses the ECTS system

Where are we located?

- EPHEC is situated on 3 different university campuses, 2 in Brussels and 1 in Louvain-La-Neuve (30 km south) and offers a multicultural environment.
- The ICT Week will take place on our campus of Louvain-la-Neuve, a newly build town renowned for its university but also for its shopping mall, cafes and museum.

How to reach us?

*Arrival by air at Brussels Airport (Zaventem)

On arrival at Brussels Airport take the shuttle train to Ottignies. Look for trains with end-destinations either Namur or Luxembourg. In Ottignies take the train to Louvain-la-Neuve.

*Arrival by air at Brussels South Charleroi Airport

On arrival at Brussels South Charleroi Airport (Ryanair), take the shuttle bus to Brussels-South (Bruxelles – Midi, Brussel – Zuid).

In Brussels-South take the train to Ottignies. Look for trains with end-destinations either Namur or Luxembourg. In Ottignies take the train to Louvain-la-Neuve.

Description of the project

You will have to **configure a management tool** that answers to the needs of a company with the help of the **Belgian ERP Open Source ODOO**. Therefore you will need to understand the needs of a company and will have to learn to master *ODOO*.

You will **work in small groups**, composed of Belgian and international students.

To achieve this, you'll have to **draw upon various kinds of knowledge**. You'll also have to **use communication skills** and learn to **work and socialize with other cultures**.

Finally, you will reach a better understanding of the importance of IT specialist for a company.

Goal

Thanks to ODOO, you will be able to **develop a system for enterprise workflow management** so to boost sales productivity, facilitate billing, be a website builder,

At the end of the week, your project will be assessed by a jury of professionals.

Accommodation for students

You will be staying in Hotel Le Piano II which is located nearby the University College. Rooms are for 2 or 3 people.

Registration for students

The registration fee of **199 €** includes 5 nights with breakfast (arrival on Sunday, departure on Friday), 5 lunches, 2 dinners and the social and cultural activities.

If you want to participate, **register** through your international coordinator **before February 15th 2017**.
